

# Museum Object Analysis Worksheet

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Choose an object from the museum and use this worksheet to help you observe, think, and interpret what it tells us about the past.

## 1. What do you see? (Observation)

- What is the object?
- What materials is it made from?
- What details stand out?

## 2. What might it tell us? (Inference)

- What was this object used for?
- Who might have used it?
- What does it tell us about life at the time?

## 3. Past vs Present (Comparison)

- Do we still use something similar today?
- What has changed?

#### **4. Why does it matter? (Significance)**

- Why is this object important?
- What can we learn from it?

Tip: Look closely at small details. They can help you understand how people lived in the past.
